

# Eccellio announces new “slices” for Web miner

## Medicine and Personal Finance have been added in Eccellio Web miner

**Bellevue, WA - June 11, 2009** - Eccellio™ today announced that two new filters have been added on Eccellio Web Miner: “Medicine” and “Personal Finance”. Using Medicine the Internet community can start to find easily everything about health, prevention, treatment of illness, last up to date research and so on. Using Personal Finance everybody can quickly find the right economic information to safely navigate in this unpredictable time.

*“Our Eccellio community grows day-by-day. Everyday we receive several feedbacks from our users. We love these feedbacks and we hear our users. For this reason we decided to add Medicine and Personal Finance.”*

Eccellio Web Miner (<http://www.eccellio.com>) is a faceting Search Engine that lets you easily find results using Google power. Eccellio is bringing to the community a revolution in how to perform searches through Internet. Searching in Eccellio is quite similar to Google but indeed the result is hugely more accurate: able to find more, writing less.

### About Eccellio

Eccellio is an Internet company founded in 2008 that has its focus on improving end user experience in retrieving information on Internet. Eccellio is a Search Engine that brings a cool new feature, named "Faceted Classification", that easily allows finding exactly what you are looking for. Eccellio uses Google database but it adds an extra level of classification that allows you to refine your search easily. End users don't need to learn a complex syntax to execute searches. So Eccellio can be defined as Google++ or Google simplicity with one additional single-click. For more information:
